Program Review and Improvement Committee

Subject: Report on programs reviewed during 1998-99

The Academic Senate Program Review and Improvement Committee reviewed 12 programs during the 1998-99 academic year. Each program received a standardized request for information, based upon the Academic Program Review and Improvement document adopted by the Senate in April 1992. Programs submitted their reports in winter quarter. The Committee then formulated preliminary reports and forwarded them to the programs. We met individually with each program during spring quarter to provide an opportunity for them to respond to the preliminary report, to clarify any issues, and to provide additional information as addenda to their reports. The committee then developed its final report for each program.

Attached is a report summarizing the Committee's overall findings, as well as the final program reports. We thank each program for the effort they have put into this review process.

Subject: Response to Academic Senate Resolution AS-532-00/PRAIC  
1998/99 Program Review and Improvement Committee Report of Findings and  
Recommendations

---

I am pleased to approve this Resolution and to acknowledge the findings of the Program Review and Improvement Committee. The Committee's findings will be summarized and forwarded to the CSU Chancellor's Office. In addition, I understand it is the Provost's intention to continue to meet with the faculty of the programs that have been reviewed to emphasize the value of internal reviews and to discuss the recommendations within the reviews.

Please express my appreciation to both the Academic Senate and the members of the Senate's Program Review and Improvement Committee for their efforts.
