

09-11 Biological Sciences Major (Field and Wildlife Concentration – Field Biology Emphasis)

The following plan is just one EXAMPLE of how to schedule classes to graduate in 4 years. Other schedules may be equally valid. Work with your advisor to develop a plan that meets your needs. Be sure to check your Degree Progress Report (DPR) frequently to ensure you are meeting all degree requirements.

¹ Choose from the list in the major titled "Biological Diversity". Note: Many of these courses are listed in the concentration. Courses cannot double count between major and concentration.

² Advisor Approved Electives - To be chosen with faculty advisor approval. Total of 7 units required. Must submit concentration form, signed first by faculty advisor) to Bldg. 1-222.

³ Choose one course from each of the following GE areas: A1, A2, A3; C1, C2, C3, C4, C1-C4; D1, D2, D3, D4, D5; F. Some GE courses will also double-count for the USCP and GWR requirements.

Take upper division GE coursework [C4, D5 and F] only after reaching junior (90 units) standing in junior/senior year.

⁴ Bio 461 or 462 may be chosen. The planning for Bio 462 senior project should start during the junior year. Many students take more than one quarter to complete a project.
