

## Statistics Flowchart 2011-13

The following plan is one example of how to schedule classes to graduate in 4 years. Work with your advisor to develop a plan that meets your needs.

|             | YEAR ONE                                  |   |   | YEAR TWO                                 |              |   |
|-------------|---|---|---|--|--------------|---|
|             | Fall                                      | Winter                                    | Spring                                    | Fall                                     | Winter       | Spring                                  |
|             | STAT 150 (4)                              | STAT 301 (4)                              | STAT 302 (4)                              | STAT 324 (4)                             | STAT 323 (4) | STAT 325 (4)                            |
