

Electricity and Magnetism

Instructor

Rich Saenz

Science (52) D45, Ext. 2065

Email: rsaenz.at.calpoly.edu

Home page: <http://www.calpoly.edu/~rsaenz>

Lecture

MTWF @ 1 in 186-C102

Office Hours

MR@2, T @ 11, or almost anytime I am in my office

Text

Griffiths – Introduction to Electrodynamics (Third Edition) – Chapters 1-7

Additional References

Purcell – Electricity and Magnetism (Second Edition)

Lorrain, Corson & Lorrain – Electromagnetic Fields and Waves

J.D. Jackson – Classical Electrodynamics

Homework

Is a required part of the course, your homework grade will determine about 25% of the grade in the course – feel free to work with your classmates, but what you turn in should be your own work.

Exams

The plan is to have two midterms (the first on Tuesday October 20), and the Final: Monday, December 7 @ 1 pm

My Furlough Days – no class – but work for you! Mark your calendars

October: Friday 9th, Thursday 15th, Monday 26th

November: Tuesday 24th

December 4th (was to be the last day of class)
