

# ***Minor in Sustainable Environments***

***Cal Poly, San Luis Obispo***

***College of Architecture and Environmental Design (CAED) (dated 2002)***

**Students from any major in the university can complete a minor in sustainable environments by taking 24 units from the courses listed below.**

*Required courses (7 units):*

EDES408	Implementing Sustainable Principles
EDES406	Introduction to Sustainable Environments

*Electives (select 17 units that are not required for your major):*

AG450	Holistic Resource Management
ANT201	Cultural Anthropology
ANT360	Human Cultural Adaptations
ARCH413	Built Environment Education Program (BEEP)
ARCH445	Urban Design in Architecture
ARCH447	Design Regulations (also listed as /CRP 447)
ARCH472	Housing Design Concepts
ARCH481	Senior Design Thesis
ARCH531	Habitability
BIO112	Environmental Biology and Conservation
BIO301	Conservation and Environmental Biology
BIO325	General Ecology
BOT238	Native Plant Materials
BRAE348	Energy for a Sustainable Society
CE424	Sustainable transportation
CRP211	Cities: Form, Culture, and Evolution
CRP212	Introduction to Urban Planning
CRP214	Land Use and Transportation Studies
CRP215	Planning for Multiple Publics
CRP436	Collaborative Planning
CRP438	Pollution Prevention and Control
CRP447	Design Regulations (also listed as /ARCH 447)
ECON303	Economics of Poverty, Discrimination, and Immigration
EDES410	Advanced Implementation of Sustainable Principles
EDES420	Introduction to Historic Preservation and Adaptive Reuse in the Built Environment
ENGL380	ECOLIT: Reading and Writing the Landscape
FNR306	Natural Resource Ecology and Habitat Management
FNR318	Applications in GIS (also listed as LA318)
GEOG150	Introduction to Cultural Geography
GEOG333	Human Impact on the Earth
HUM303	Values and Technology
LA314	Site Planning
LA318	Applications in GIS (also listed as FNR318)
LA321	Concepts in Environmental Decision Making
LA451	Regional Landscape Assessment
LA482	Evaluating Social and Behavioral Factors for Open Space Design
PHIL340	Environmental Ethics
PHYS310	Physics of Energy
POLS320	Politics of Global Survival
POLS326	World Food Politics
POLS455	Public Policy
POLS484	Community Research Seminar
PSY311	Environmental Psychology
SOC313	Urban Sociology
SOC330	Social Change
