Fees And Expenses

Schedule of Fees
All regularly enrolled students, both undergraduate and graduate, pay registration fees determined by the number of units per quarter. Legal residents of California are not charged tuition. In addition to registration fees, nonresident and foreign students pay tuition fees.

No registration fees shall be required of or collected from those individuals who qualify for such exemption under the provisions of the Alan Pattee Scholarship Act.

State University Fee
The State University Fee is divided into two categories depending on the number of units for which a student is registered. Students may register for up to six units per quarter at the lower rate. The higher rate is charged if the total units taken during the quarter exceeds six.

Registration Fees Per Quarter
Fees listed below were in effect at the time this catalog was printed and are for informational purposes only. This list is not to be used as a schedule of current fees. Unless otherwise noted, fees indicated are per quarter. The total fee paid per term will be determined by the number of units taken.

Cal Poly registration fees must be paid prior to registration. To ensure that students can register at their scheduled time, payment must be received at least two working days before the scheduled registration time. Students receiving financial aid will have their registration fees deferred. If the amount awarded is insufficient to pay fees in full, students will be billed for the balance.

If your check is returned by the bank for any reason, your registration may be canceled and you will be charged a returned check processing fee.

Fees and tuition are subject to change upon approval by the President, the CSU Chancellor or Board of Trustees. Please consult the current Class Schedule, “Fee Payment Instructions,” for the fees that are applicable to the quarter for which you are registering.

Refund of Fees
Details concerning fees which may be refunded, the circumstances under which fees may be refunded, and the appropriate procedure to be followed in seeking refunds may be obtained by consulting Section 42201 (parking fees), 41913 (nonresident tuition), 42019 (housing charges), and 41802 (all other fees) of Title 5, California Code of Regulations. In all cases it is important to act quickly in applying for a refund.

Information regarding which fees may be refunded and the appropriate procedures to follow is published in the quarterly Class Schedule, “Fee Payment Instructions.” Information concerning any aspect of the refund of fees may be obtained from the Academic Records Office or the University Cashier.

Debts Owed to the University
Should a student or former student fail to pay a debt owed to the institution, the institution may "withhold permission to register, to use facilities for which a fee is authorized to be charged, to receive services, materials, food or merchandise or any combination of the above from any person owing a debt" until the debt is paid (see Sections 42380 and 42381 of Title 5, California Code of Regulations). For example, the institution may withhold permission to receive official transcripts of grades from any person owing a debt. If a student believes that he or she does not owe all or part of an unpaid obligation, the student should contact the campus business office. The business office, or another office on campus to which the student may be referred by the business office, will review the pertinent information, including information the student may wish to present, and will advise the student of its conclusions with respect to the debt.

Credit Cards
VISA and Master Card bank credit cards may be used for the purchase of meal tickets from the University Foundation, theatre tickets from the Cal Poly Theatre Box Office, tickets for sports events from the Athletics Department, health services from the University Health Center, Bookstore purchases and for Extended University Programs fees. No other use of credit cards is presently authorized.

Procedure for the Establishment of a Student Body Fee
The law governing the California State University provides that fees defined as mandatory, such as a student body association fee and a student body center fee, may be established. A student body association fee must be established upon a favorable vote of two-thirds of the students voting in an election held for this purpose (Education Code, Section 89300). A student body center fee may be established only after a fee referendum is held which approves by a two-thirds favorable vote the establishment of the fee (Education Code, Section 89304). The campus president may adjust the student body association fee only after the fee adjustment has been approved by a majority of students voting in a referendum established for that purpose (Education Code, Section 89300). The current student body association fee level was set at California Polytechnic State University, San Luis Obispo by student referendum in 1992. The required student body association fee shall be subject to referendum at any time upon the presentation of a petition to the campus president containing the signatures of 10% of the regularly enrolled students at the University. Once bonds are issued, authority to set and adjust student body center fees is governed by provisions of the State University Revenue Bond Act of 1947: Education Code, Sections 90012, 90027, and 90068. Student body fees support a variety of cultural and recreational programs, childcare centers, and special student support programs.

The process to establish and adjust other mandatory fees requires consideration by the campus fee advisory committee. A student referendum also is required. The campus president may use alternate consultation mechanisms if he/she determines that a referendum is not the best mechanism to achieve appropriate and meaningful consultation. Results of the referendum and the fee committee review are advisory to the campus president. The president may request the chancellor to establish the mandatory fee. Authority to adjust fees after consideration by the campus fee advisory committee and the completion of a student referendum is delegated to the president.
The University has a variety of grants, loans, scholarships, and part-time employment opportunities designed to assist students financially. Students who need assistance in order to complete their college work should read this section carefully. Additional current information may be obtained by writing to the Financial Aid Office for a copy of the Financial Aid Handbook, or accessing their webpage.

The application for Financial Aid is called the Free Application for Federal Student Aid (FAFSA). It may be obtained from any university or college financial aid office or most high schools. It is also available on the Web at www.fafsa.ed.gov. Scholarship applications must be requested directly from the Financial Aid Office. The priority dead-line for filing the FAFSA with the processor is March 2. Scholarship applications are also due on March 2.

**TYPICAL STUDENT EXPENSES**

Following are the average expenses per quarter for the 1999-2000 academic year for the California resident student attending Cal Poly. Charges for room and board are payable in advance or in quarterly installments. Nonresident students should be prepared to pay additional tuition and fees. For the 1999-00 school year nonresident tuition was an extra $164 per unit. Please see the "Fees and Expenses" section for more information. All State fees are subject to change upon approval by the Board of Trustees of the California State University.

**University Estimated Expenses per Quarter**

- Registration fees .............................................. 740
- Room and board with 14-meal ticket ..................... 1,851
- Books and supplies (estimated) ............................ 270
- Personal expenses and transportation .................... 764
- Estimated total per quarter ................................... $3,625

**WITHDRAWING FROM THE INSTITUTION AND FINANCIAL AID**

Students who are receiving financial aid funds must consult with the Financial Aid and Student Account Offices prior to withdrawing from the University regarding any refunds or repayments of grant or loan assistance received for that academic term. If a Title IV financial aid recipient withdraws from the University during a payment period, the grant or loan assistance received is subject to federal refund and repayment provisions.

**UNIVERSITY SCHOLARSHIPS**

**General Information.** Over 1100 scholarships are awarded each year by the Cal Poly Scholarship Committee and the various academic units within each college. Applications are received by the Financial Aid Office. Scholarship Committee members review each student's financial need, scholastic achievement, participation in school activities, community service, honors and organizational affiliations, and educational objectives. Some Cal Poly scholarships have additional requirements which relate to a particular concentration or field of study, geographic origin, class level, and project or design portfolios. Additional information may be obtained by writing to the Financial Aid Office for a copy of the Scholarship Brochure.

Generally, a student must have at least a 3.0 grade point average to be granted a scholarship. There are some scholarships, however, that are awarded to students with lower grade point averages if they meet donor specified criteria. Both undergraduate and graduate students are considered for scholarships.

*If you are in doubt about your eligibility or have not received word on your admission status to Cal Poly, be sure to apply by the filing deadline.*

| Annual Deadline Date: | March 2 for the following academic year |

**How to Apply**

The Cal Poly Scholarship Application (available in December from the Financial Aid Office) should be filled out completely. A reference letter is included as part of the application, and it should be completed by an individual who can attest to the student's potential for success, leadership skills, interests and participation in school activities. A parent, relative or another student cannot be considered as a reference. To determine financial need, the FAFSA must also be filled. For priority consideration for financial aid programs and Cal Poly scholarships, the FAFSA should be mailed to the processor by March 2.

The scholarship application is mailed to the Financial Aid Office by the same deadline.

**Scholarship Notifications**

Scholarships are normally awarded during the spring and summer for the following academic year. During that time award notices are sent which include scholarship amount, disbursement and donor information. Recipients must maintain full-time enrollment while receiving a scholarship (extended education, concurrent enrollment and other college units are excluded). Some scholarships require recipients to have earned at least one-half the value of the scholarship during the previous year.

Scholarships are awarded for an academic year and are typically disbursed in quarterly increments. Non-attendance will result in cancellation or a prorated amount.
Students not selected will be notified during the summer. However, applications will remain active for the academic year. Should a scholarship become available, a current applicant in good standing may be considered.

Other Scholarships
In addition to the scholarships awarded by the University, awards from various private donors and organizations are available to assist students in meeting University expenses.
Interested students should make inquiries for such awards directly to the sponsoring organization. Currently, Cal Poly students are the beneficiaries of nearly two million dollars of outside scholarship assistance each year.

**LOANS**

Loans are for educational purposes only, with definite provisions for repayment. There are four types: Federal Perkins Loans, Federal Parent Loans (PLUS), Federal Stafford Student Loans (formerly Guaranteed Student Loans), and Cal Poly Long-Term Educational Loans. Also available are small, short-term emergency loans.

**Federal Perkins Loan** is a five percent interest loan available to both undergraduate and graduate students. Annual amounts are based on the students’ need as determined by the Financial Aid Office. Repayment begins nine months after the student leaves school or ceases to be at least a half-time student. The government pays the interest while the student is in school and during the grace period. There are cancellation and deferment provisions. The application for this loan is the FAFSA which must be submitted by March 2 for the upcoming school year.

**Federal Parent Loans (PLUS)** enable parents to obtain annually adjusted variable interest loans (not to exceed nine percent) for educational costs through banks and other lending institutions. A PLUS loan goes into repayment when the loan is made. To apply, contact the Financial Aid Office.

**Federal Stafford Loan** program makes loans to students through lending institutions such as banks and credit unions. Annual amounts are based on the students’ need as determined by the Financial Aid Office and federal limits. The federal government pays the interest on the loan while the student is in school and there are deferment provisions. The FAFSA must be on file in order to determine need.

**Federal Unsubsidized Stafford Loans** are available for students who are ineligible for some or all of a subsidized Federal Stafford Loan. With the exception of demonstrated financial need, borrowers must meet all eligibility criteria of the regular Stafford Loan program. Interest payments begin immediately after the loan is disbursed or the borrower may add the interest to the amount owed. An additional amount of Unsubsidized Stafford Loan, above the normal Stafford limit, may be available to independent students and to dependent students whose parents are denied a PLUS Loan.

**University Long-Term Educational Loans** are granted to students who demonstrate a long-term educational need. They are approved by a standing loan committee on the basis of written applications, recommendations, and interviews. Interest rates charged on the unpaid balance during the repayment period range from four to ten percent depending on donor requirements. Accrual usually begins after the specified due date, graduation, or withdrawal from the University. A one percent service charge is deducted from the loan disbursement.

**University Short-Term Emergency Loans** are granted to assist with unanticipated emergency situations. A maximum of $300 may be borrowed during one quarter. Repayment is usually due at the end of the quarter in which the loan was received. A one percent service charge is deducted from the loan disbursement and a 1 percent per month penalty is charged on any unpaid balance remaining after the agreed upon due date.

**University Educational and Emergency Student Loans** include donations received from the following:

2000-2001 Cal Poly Catalog
GRANTS
Federal Pell Grants are designed to help undergraduates pay for their education after high school. The amount a student is eligible for depends on their Expected Family Contribution, the cost of education, full-time or part-time enrollment status, and how many quarters during the year they will be enrolled. To apply, students mail the FAFSA to the processor.

Federal Supplemental Educational Opportunity Grant Program (SEOG) is designed to assist undergraduate students who have a substantial financial need and who, without this aid, could not attend college. To be considered for this grant, applicants must submit a FAFSA to the processor by March 2 for the upcoming school year.

Federal Work-Study Program (FWS) is a need-based program which provides employment for students to assist them in completing their education. It is intended that work-study jobs not only assist the student financially but also provide pertinent work experience. Students awarded FWS can be referred to jobs located either on- or off-campus with approved departments/agencies. Pay rates vary depending on the job requirements and the student’s skills. To receive priority consideration for this program, applicants must submit the FAFSA to the processor by March 2 for the upcoming school year.

Cal Grant A awards money to middle- and low-income undergraduates. New awards are limited to students having freshman, sophomore or junior status. To apply to become a new winner of this grant, complete a FAFSA and a GPA Verification Form by March 2 for the upcoming school year. Renewal applicants must send the completed FAFSA by March 2.

Cal Grant B assists high-potential undergraduates from disadvantaged/low-income backgrounds. To apply to become a new winner of this grant, complete a FAFSA and a GPA Verification Form by March 2 for the upcoming year. Renewal applicants must send the completed FAFSA by March 2.

Cal Grant T provides tuition and student fees in a program of professional teacher preparation approved by the Commission on Teacher Credentialing. To qualify, a student must have a bachelor’s degree and have been admitted to an approved program of professional teacher preparation. The award is for one year. Payment for this additional year is limited to only those courses required for an initial teaching authorization. Students who received extended Cal Grant A or B benefits for participation in a teaching credential program or who are currently eligible for extended benefits, are not eligible for a Cal Grant T award. Students who already hold an initial teaching credential (preliminary teaching credential) are also not eligible. The program requires that students have a FAFSA with a calculated EFC by June 1. The Commission will run the competition and notify all applicants in June. Awards will not be held back for students who wish to report corrections.

State Educational Opportunity Program Grant (SEOP) assists students who have been admitted to the University through the Educational Opportunity Program (EOP). Undergraduate EOP students are considered for this grant when they file the FAFSA for the upcoming school year by March 2.

State University Grant (SUG) provides grants to offset the increased State University Fee. SUG is available to undergraduate and graduate students who are California residents and show financial need. To apply, file the FAFSA by March 2 for the upcoming year.

Cal Poly Grant provides grants to offset the increased campus Academic Fee. The Cal Poly Grant is available to undergraduate and graduate students who are California residents and show financial need. To apply, file the FAFSA by March 2 for the upcoming year.

ALAN PATTEE SCHOLARSHIPS
Children of deceased public law enforcement or fire suppression employees who were California residents and who were killed in the course of law enforcement or fire suppression duties are not charged mandatory systemwide fees or tuition of any kind at any California State University campus, according to the Alan Pattee Scholarship Act, California Education Code Section 68120. Students qualifying for these benefits are known as Alan Pattee scholars. For more information contact the Financial Aid Office.

STATE AID TO THE PHYSICALLY HANDICAPPED
The State Department of Vocational Rehabilitation provides financial assistance to students who have physical disabilities. This assistance equals the necessary school expenses and may include additional funds to help cover the cost of living. Students entitled to this assistance desiring more information and application procedures should contact the Department of Vocational Rehabilitation.
