## In Memoriam

**George Gowgani**, a Cal Poly alumnus who later taught crop science and served as a department head and associate dean in the College of Agriculture, Food and Environmental Sciences before becoming a CSU trustee, died Dec. 13. Born in Tabriz, Iran, Gowgani immigrated to the U.S. in 1958. He earned his bachelor's degree in crop science and master's degree in education at Cal Poly and then attended the University of Nevada, earning a master's degree in agronomy and a doctorate in biological sciences. He returned to Cal Poly in 1967, later serving as head of the Crop Science Department and associate dean for the college. In 1994, then-President Warren J. Baker appointed Gowgani as Goodwill Ambassador for Higher Education, CSU. Gowgani served on the CSU board of trustees from 2004-11 and was named Honored Alumnus for the College of Agriculture, Food and Environmental Sciences in 2006. "George's contributions to the department and the college set a strong path for student success that continues today," CAFES Dean Andrew Thulin said. "Both in the classroom and as a mentor to faculty, his dedication to Cal Poly and higher education was boundless." Plant Sciences Department Head Scott Steinmaus remembers Gowgani stopping by his office to share notes and slides for his Weed Science class. "George introduced me to a different way of teaching, more practical and something that college students could actually understand. He was a great perspective builder for me; and my students are very thankful." A memorial will be held on Feb. 18. RSVP: <https://www.gowganifamily.com>.
