#536140 – Vice President for University Development and Alumni Engagement / CEO Cal Poly Foundation (Administrator IV) – University Development. Anticipated hiring range: \$320,000-\$353,000 per year.

Astronomy Fellowship's Second Year to Examine High-Energy Particle Jets Near Massive Black Holes

A Cal Poly research team will study extremely high-energy photons emitted by the intense environment found near mega-sized black holes, in the second year of the Astronomy Faculty Research Fellowship in the university's Bailey College of Science and Mathematics. The fellowship allows faculty to focus more closely with students on scientific research, offering them cutting-edge experiences as researchers. It launched in 2023 through a generous donation from the Marrujo Foundation (established by Cal Poly alumnus Daniel Marrujo and his wife, Rosamaria) covering three years of the program. Physics Professor Jodi Christiansen, the 2024 faculty fellow, is working with the VERITAS International Collaboration, part of the Center for Astrophysics, Harvard and Smithsonian, to study very-high-energy photons, or gamma rays, emitted by particles shooting down an astrophysical jet associated with supermassive black holes.

Water Reclamation Facility Project Moves Forward

Cal Poly's Water Reclamation Facility project has transitioned from the definition stage to the design phase. The CSU board of trustees certified the environmental impact report on Jan. 31. The project aims to address the primary constraint to campus growth: water availability. The WRF will be able to process a portion of campus wastewater, producing Title 22 water suitable for agricultural and sports field irrigation. Title 22 refers to state guidelines for how treated and recycled water is discharged and used. This dual usage of water, once potable for irrigation, underscores Cal Poly's commitment to resource efficiency and environmental stewardship. By generating irrigation water, the university will ensure a sustainable water supply and reduce costs associated with purchasing additional water and treating wastewater.

Spring Summit on March 13

Registration is open for Strategic Enrollment Management's Spring Summit, March 13, at the Pavilion and Founders Room in the Performing Arts Center. The goal of the in-person summit is to inform the campus community about relevant happenings in the division (and higher education in general) and answering questions. In addition to a variety of presentations, Institutional Research and the Office of Data Management will host working sessions to help answer specific, data-related questions. Review what will be presented and register for sessions by selecting from the à la carte menu — and to ensure conversations continue, lunch will be provided to the first 200 who register for sessions. The registration deadline is Friday, March 8.

Faculty Employment Opportunities

Candidates should visit jobs.calpoly.edu to complete an application and apply for any position below. Submit all requested application materials as attachments to your online application by the review begin date for full consideration. Questions? Email Academic Personnel at academicpersonnel@calpoly.edu.

#534452 – Full-Time Lecturer AY – Aerospace Engineering (AY 2024-25), CENG-Aerospace Engineering.

Coordinator – Facility Operations – Recreation Center – (3-Year Temporary) – Starting annual salary \$74,418.39, plus excellent benefits. Salary range is \$74,418.39-\$119,069.43. Accepting applications until March 4.

A Taste of the World to Serve Up Delicious Cuisine Feb 28

The flavors of the world will come to campus Wednesday, Feb. 28, as the International Center hosts the 9th annual Taste of the World, from 10 a.m. to noon, on the green outside the Baker Center for Science and Mathematics (No. 180). The campus community is invited to this free event, which features cuisines from South Korea, Jordan, South Africa, Chile, New Zealand and Germany, along with cultural dance performances and the chance to win prizes. Embark on a tasty culinary and educational journey while learning about programs offered through the International Center.

Womxn in Facilities Faculty and Staff Association Launches

Staff, faculty and students are invited to join the new Womxn in Facilities Faculty and Staff Association. FSAs are social and community-building groups that host a variety of events, programs and initiatives, including socials, social justice efforts, mentoring opportunities with students, educational opportunities and more. Womxn in Facilities seeks to bring together womxn to become a greater force within the facilities management industry and beyond. "We are focused on supporting womxn to maximize their networks, develop career growth and increase their opportunities," organizers said. "You're invited to join us in building community, sharing project successes, growing your professional network, or simply mentoring and supporting other womxn across the industry." Questions? Email wif@calpoly.edu.

Cal Poly Partners Board Seeking Faculty Member to Serve

The Academic Senate is seeking nominations from tenured faculty to serve on the Cal Poly Partners board of directors for the 2024-27 term. The completed form must be received by the Academic Senate Office by Friday, March 22. Questions? Email Sarah Best at sbest@calpoly.edu.

A&F Launched Focus Forward Survey; Respondents Entered Into Prize Drawing

Administration and Finance has launched its annual Focus Forward survey, seeking feedback on division performance since 2023. Faculty, staff and students can share insight into their experiences with Facilities Management and Development, Public Safety, the Performing Arts Center, Strategic Business Services and University Financial Services, as well as every department within those areas. This information will help all departments strengthen service delivery and better understand customer needs. For each survey completed, respondents are entered into a prize drawing. Nearly 40 winners will be selected for prizes that include an Apple Watch Series 9, a MOMILLA Sunrise alarm clock with wireless charging and sound machine, a Fujifilm Instax Mini Smartphone Printer Bundle, a Bluetooth karaoke microphone, Cal Poly tumblers or one of 30 Amazon or Grubhub gift cards. The survey is open through March 22. Find the survey online: <https://afd.calpoly.edu/survey/>.

March Fourth with Cal Poly Partners

To celebrate Cal Poly Partners' new name, the campus community is invited to March Fourth with Cal Poly Partners. On March 4, from 11 a.m. to 2 p.m. Cal Poly Partners will host the campus community at 1901 Marketplace to celebrate with the Cal Poly Marching Band, a ribbon cutting for the new dining facility and a partner fair where students, faculty and staff can learn more about the impact that the organization has had on the campus over the past 80 years, and the work that is currently being done to create a better Cal Poly experience for everyone. Formerly known as the Cal Poly Corporation, the organization recently changed its name to Cal Poly Partners to help better reflect its work, vision and mission to be the most impactful Cal Poly partner.
